许多家用化学品可以用来制造炸弹。

Hydrogen peroxide
Nitric acid Nitromethane Sodium chlorate
Sodium nitrate Potassium nitrate Sodium azide
Nitric acid Nitromethane Sodium chlorate Potassium
Hydrogen peroxide Nitric acid Nitromethane Sodium chlorate
Nitric acid

I am storing it for a friend
Sodium nitrate Potassium nitrate Potassium perchlorate Potassium perchlorate Sodium
Ammonium perchlorate Fluorine gas Sodium azide Hydrogen peroxide
Nitromethane Sodium chlorate Potassium chlorate Sodium nitrate
Sodium perchlorate Ammonium perchlorate Sodium azide Nitric acid Sodium chlorate Potassium

No, I want to pay cash for these chemicals
Nitric acid Nitromethane
Hydrogen sulfide Potassium perchlorate Sodium perchlorate Ammonium perchlorate Sodium azide
Sodium nitrate Potassium nitrate Potassium perchlorate Sodium perchlorate Ammonium perchlorate Sodium azide

I am just stocking up in case I run out
Hydrogen peroxide Nitric acid Nitromethane Sodium chlorate
Potassium chlorate Sodium nitrate Sodium chlorate dichloride Potassium chlorate Sodium nitrate Potassium nitrate
Sodium azide Potassium perchlorate Sodium perchlorate Ammonium perchlorate Sodium azide

Potassium perchlorate Sodium perchlorate Hydrogen peroxide Nitric acid
Ammonium perchlorate Sodium azide Hydrogen peroxide Nitric acid Nitromethane Sodium chlorate
Nitromethane Sodium chlorate Potassium chlorate

I know it's a lot of fertiliser, what's it to you?
Sulfuric acid Carbon dioxide Dinitroazide Ethane Hydrogen peroxide
Potassium chlorate Sodium nitrate Potassium nitrate Potassium Sodium perchlorate Ammonium perchlorate Sodium azide Nitric acid
Sodium nitrate Potassium nitrate Potassium nitrate Potassium nitrate Potassium nitrate Potassium nitrate Potassium nitrate
Sodium nitrate Potassium nitrate
Nitromethane Sodium chlorate Sodium
Potassium chlorate Sodium nitrate
Sodium azide
Phosgene

No, I don't have an ABN
Potassium nitrate Potassium perchlorate
Sodium perchlorate Ammonium perchlorate
Potassium perchlorate
Hydrogen peroxide Nitric acid
Sodium azide Hydrogen peroxide
Nitromethane Sodium chlorate
Nitric acid

Hydrogen peroxide
Nitromethane
Methidathion
Sodium
Sodium
azide

即便是微不足道的信息也可能有助于化险为夷。

许多日用化学品都曾用于像巴厘岛、伦敦和孟买大爆炸这类的恐怖袭击。

在购买、储存、运输或使用化学品方面，如果您注意到任何可疑迹象，就要致电国家安全热线，举报您觉得可疑的活动。

协助防止澳大利亚遭受恐怖袭击。

国家安全热线
